

# SUN BEAMS

by WALTER M. BARRETT

Winter sports in Truckee for this season are a matter of history and we cannot deny that business during the past few months has been materially aided by the program which was sponsored here by the outing club. Although Truckee itself is through for the season, Donner Summit and the Tahoe region are still providing skiing of the best kind. Nearly 100 inches of good snow remains on the summit and each weeked hundreds of fans visit the area. Not only is skiing good there now, but resort owners plan for several weeks of activities before the final windup. There is no argument about the benefits from the spot.

We here in Truckee, however, are now turning our thoughts to another of our valuable advantages—the trout fishing. In 33 more days the season will be opened for the five and a half months. Millions of trout were planted last fall in the Truckee river and nearby streams and lakes. We should have better fishing than has been enjoyed for a number of years, but we cannot stop there. We should now begin planning to not only maintain the local streams and lakes but make provisions for increasing the supply of trout. Only through a continued project of conservation and planting can we hope to maintain the lead which we now hold and which fishermen from all over the state recognize. We cannot have our cake and eat it, too, but we can continue making cakes.

The need for incorporation in Truckee becomes more and more apparent. We set out on a worthy project only to find that we are powerless and voiceless, unable because of our present setup to control matters which vitally affect the district and over which we have no say, other than as individuals or civic organizations. We are informed that the FHA declines new building loans in all but a few sections of our unincorporated area. We disapprove as individuals, but as a city or town we are stopped. We can cite numerous such examples all of which point to one solution and we are impatient over the delay of bringing the important question to a vote.

Business in Truckee would be ever so much better if everyone would make it a fast rule to trade at home.

## Tahoe Region News Briefs

Dr. John Napier, principal of the Placer Joint Union High School and Junior College, visited Tahoe high school on Monday.

A new Ditto machine was purchased for the school recently.

Fifty persons attended the Red Cross first aid course Tuesday night conducted by Frank Gaenanie of Truckee at the community center. Gaenanie lectured on blood circulation and demonstrated bandaging, using members of the audience as models.

Miss Alice Soll of Pine Lodge at Rubicon, who is attending California College of Arts and Crafts in Oakland, recently had her pictures chosen for exhibition by the school. Miss Soll, who has been making A and B grades on her work, is among the top students of her class.

Mr. and Mrs. Jack Frost, well-known residents of Tahoe in the summer for many years past, returned to their Rubicon Point home last week. Frost is one of our real old timers, having spent more than 70 summers at the lake.

Miss Jean Wheat had as her guest over the weekend Miss Ruth Gilmore and Philip Twombly of Berkeley, who were up for the winter sports.

Mr. and Mrs. Don Gilmore of San Francisco are at their new home near the Dollar Hill.

Mr. and Mrs. Edward Martinez of Reno and Tahoe are the parents of a baby daughter born at St. Mary's hospital in Reno last week.

### In S. P. Hospital—

J. W. Cartwright of Boca is in the S. P. Hospital in San Francisco receiving treatment for eye trouble.

### Visits Brother—

Mrs. E. J. Campbell has returned after a trip to Oakland where she visited with her brother, William Cluston who recently had one leg amputated. Although nearly 80, he is reported doing very nicely.

## Flier Learns Highway 40 Is Fair Land Field

Plane Pilot Makes Landing On Reno Road As Motor Fails

### PLANE UNDAUNTED

Truckee Shocked As Story Of "Liner" Reaches Here

A story reaching here Sunday afternoon in more or less garbled form told of a huge airliner cracking up on the mountains near the state line. Scores of local folks rushed to the scene only to find that a small Taylorcraft plane piloted by a young Reno student, had made a forced landing below Floriston when the oil cap came off on a return trip to Reno from Sacramento.

The pilot was Richard Barnes of Reno, who brought the plane down on the highway in spite of the heavy Sunday afternoon traffic without a mishap other than a slightly damaged wing.

Once on the ground, Barnes took a look at the failing motor. It was discovered that the oil cap was missing and that all the oil had leaked out. He then hailed a passing motorist and towed his plane around a curve to a point where the highway straightens out for about 2000 yards. Word was sent to members of the Nevista Fliers, Inc., to which the plane belongs, to bring a truck to haul it back to its hangar at Ted Morrill's field near Sparks.

Club members arrived and it was decided to patch the damaged wing with adhesive tape. Wally Payne, an experienced pilot, arrived and made preparations to attempt to take off into the air from the highway, instead of hauling the plane home.

Snow stakes lining the proposed "runway" were pulled out for a half mile and more than 40 motorists gathered on the scene were moved from the path of the plane.

Bucking a fairly heavy head-wind, Payne tested the motor, then headed down the road. While spectators held their breaths, the plane gathered speed, lifted, and narrowly missed two trees. It gathered altitude and after circling the scene, the plane headed for Reno.

Barnes hitched a ride—by car.

## Commission Passes Rules For Wearing of Licenses

Nate F. Milnor, president of the California State Fish and Game Commission, announced that in meeting March 21, at Fresno, the commission passed a regulation providing for the wearing of hunting and fishing licenses on the clothing in plain view above the waist while in pursuit of fish or game. It is expected this regulation will aid fish and game wardens in checking licenses and greatly facilitate their work, according to Milnor.

The commission also authorized the purchase of plastic license holders in place of the metal one now in use.

### FISH, GAME OFFICIAL

Former Assemblyman George P. Miller of Oakland was named executive secretary of the state fish and game commission to succeed Lester A. McMillan, who was dismissed last year.

### EX-OFFICIAL DIES

Funeral services were held last week in Oakland for William James Rogers, former superintendent of schools in Nevada County. He passed away at the home of a daughter in that city.

### Attends Meeting—

C. Edmunds was in Sacramento on Monday attending an important meeting with state highway officials relative to proposed laws governing public utilities and highways.

Miss Dolores Pyle of Auburn spent the weekend here visiting friends in Truckee and Tahoe City.

## P. & T. A. IS SPONSOR OF PRE-SCHOOL AGE CHILDREN'S CLINIC

The Truckee Union Parents and Teachers Association will again this year sponsor a free pre-school clinic for local children. The clinic will be conducted by Dr. Banks of Sacramento, who will be assisted by Mrs. Marian Newberry, county health nurse, and members of the local organization. The examinations will take place at the grammar school on Monday, March 31, between 10 a.m. and 3 p.m.

All children under school age are eligible and parents of children who plan to enter school in the fall are especially urged to bring them for examination.

## Insurance Man Sparks Social Security Talk at Meeting of Lions Club

Jess Lovejoy of Roseville, representative of the Occidental Insurance Company, led in an open discussion on the intricate details of the social security plan before a meeting of the Truckee Lions Club last night. Lovejoy has made a study of the act and answered many questions pertaining to the problem.

L. R. Jefford of Grass Valley, district governor, addressed the club briefly. Other guests included District Attorney Vernon Stoll and Del Powell of Grass Valley and Walter Smith of San Francisco.

The meeting was held at Emigrant Trail Lodge where Mr. and Mrs. Everett LaVonture, recently of St. Cloud, Minn., prepared and served the excellent dinner. The LaVontures have joined the staff of the lodge.

On April 10 the local Lions will journey to Grass Valley for an inter-city meeting.

## High School Classes Plan To Present Spring Fever For Truckee Audiences

The Junior and Senior classes of Meadow Lake Union High School will join forces again this year to bring the annual spring play to the public. The vehicle chosen by Anne Munro, advisor-director, is Spring Fever by Glenn Hughes and will be produced May 9 through arrangement with the Rowe-Peterson Company.

The cast will include Jim Thomas, Ruth Mae Cozzallo, Lee Hunsinger, Laura Angelini, Betty Pearson, Keith Weeden, Rose Petroni, Ruth Moore, Harry Digesti, Elizabeth Gates and Jim Leamon. One part remains uncast this morning.

## Parents and Teachers to Hold Meeting Next Week

Newly elected officers will preside for the first time at the meeting of the Truckee Union Parents and Teachers Association to be held at the grammar school auditorium Friday, April 4, at 2:30 p.m. Mrs. Grant Keetch, the new president, will be in charge of the meeting which will be featured by a special program and the serving of refreshments. All members and potential members are urged to attend.

## Truckee Man Tells History Of Town Over Radio KYA

A resume of the history of Truckee from the time it was known as Coburn Station to the present date was given in an interesting manner by W. M. Englehart, Sr., over radio station KYA in San Francisco last Thursday evening. Many local radio listeners enjoyed the broadcast.

Englehart, who has spent most of his life in Truckee and is thoroughly familiar with the history of the area, provided an interesting program and brought much favorable publicity to the district.

### LADIES NIGHT

The committee in charge of arranging the ladies' night dinner meeting at the Nevada Hotel for Truckee Post No. 439, American Legion, reports plans progressing nicely and a good time for the members and their ladies is guaranteed. The meeting will be held at 7:30 o'clock Tuesday evening.

## Wilkie Honored After 50 Years Membership In Masonic Lodge Here

Local Merchant Presented With Jewel By Judge

On March 5, 1891, W. F. Wilkie, Sr., veteran Truckee merchant, became a member of Truckee Lodge No. 200, F. and A. Masons, and last week the local members and guests paid him fitting tribute when he was presented with a 50-year jewel in token of his faithful efforts in the organization.

The presentation was made by Superior Judge George L. Jones of Nevada City, a past grand master of California Masons and a former Truckee resident.

Other guests attended from Reno, Sacramento, Grass Valley and Dutch Flat. A banquet preceded the meeting and ceremony.

## Kings Beach Mothers to Give Candy Dance At School Saturday Night

by MADELINE GALLERANI

KINGS BEACH—The Mothers Club of Kings Beach is giving a candy dance on Saturday, March 29, at the school house. Admission is 25 cents and tickets may be secured at the door. The dance will begin at 8 p.m. and free refreshments will be served.

The business portion of the second meeting of the club was spent in discussion of the school lunches. Various committees were appointed for the dance. The club boasts many new members and is constantly seeking to acquire more.

## Reno Man Speaks at Meet Of Truckee-Tahoe Rotary On Monday of This Week

Prof. N. E. Wilson of the Reno Rotary Club was the main speaker at the meeting of the Truckee-Tahoe Rotary Club held at Besio's on Monday night. His topics were Functions of a Rotary Club and Fifth Column Activities in the United States. Joe Mattos was program chairman and Vice President Vern Pearson presided. Tate Williams of Reno and P. Lang of Lovallton were visiting Rotarians. Other guests were W. M. Englehart, Jr., W. M. Englehart, Jr., C. Elliot, J. Manders and Charles VanEvery.

## Twin Sons of Lake Couple Pass at Capitol Hospital

TAHOE CITY—Twin sons born to Mrs. Arthur Broedel of Tahoe on Saturday, March 22, both died at Mercy Hospital in Sacramento.

Mrs. Broedel is doing well at the hospital, according to last reports and the sincere sympathy of the entire community is extended to her and her husband.

## Pythian Sisters to Hold Important Meet Tonight

Summit Temple No. 79, Pythian Sisters, will hold a regular meeting tonight to prepare for the initiation of five candidates. Following the meeting the staff will hold drill. Mesdames W. M. Englehart, Sr. and Lotta Bryant will be hostesses.

At the last meeting Charles Heller won the award in the quiz game.

## Plow Taken from Summit To Clear State Route 25

Frank W. Clark, director of public works, this week said two rotary snow plows have been sent from the Donner Summit to clear State Route 25 below Yuba Pass of about eight miles of hard packed snow between Sattley and Sierra City.

He pointed out the road is being cleared a little earlier than usual this year and that a new storm may delay completion of the work.

### Shell Official Here—

Bert Blunt, district representative for the Shell Oil Company, was in Truckee yesterday relative to the proposed building of a new \$10,000 station here.

## THE WEEK'S WEATHER

(Courtesy U. S. Forest Service)

Precipitation since Mar. 20 ..... No  
Prec. since Sept. 1 ..... 24.64 ins.  
Over normal as of Feb. 28 6.38 ins.  
Snow Depth ..... Negligible  
Min. Temp. (Mar. 20-27) ..... 18 deg.  
Max. Temp. (Mar. 20-27) ..... 55 deg.

Skiing fair in shaded spots  
Weekend probably clear

## Directors Are Nominated For Local Chamber

Investigation Will be Made In FHA Building Loan Problem

### VOTE SKI RACE AID

Decline Action on Local Service Station Issue

Names of eleven members of the Truckee Chamber of Commerce will appear on the ballots for the election of seven directors to be decided at the April 8 meeting. The ballots, with spaces left for write-in selections, will be mailed to the membership and must be returned to the secretary prior to the meeting.

The eleven nominees are W. M. Barrett, C. Edmunds, Yell Nobles, Tom Ryan, E. L. Loynd, F. W. Gaenanie, C. J. Bowers, A. P. Fontana, N. F. Dolley, V. C. Shattuck and O. H. Sanders.

Following the election, the directors will select their officers.

C. Edmunds was appointed to contact the FHA administrator in Reno to ascertain why building loans for Truckee are not approved under the federal plan. There are a few sections in the district where such loans are available, but in the main portion of the town applications are rejected. The chamber proposes to determine the reasons for this adverse action and bring about corrections if it is possible.

In Gateway Park subdivision, Donner Lake and portions of Lake Tahoe loans are granted for new buildings, but otherwise new construction under the Federal Housing Administration is virtually impossible, it was pointed out.

N. F. Dolley, chairman of the cleanup committee, reported that he is taking necessary steps to have untenable property in Truckee removed. He promised to have something definite to report in the near future.

A letter was read from H. Ward Sheldon, Nevada City attorney, regarding the proposed incorporation proceedings. The letter indicated that the hearing before the board of supervisors would likely be set for May 1, all preliminary action having been taken. C. E. White is the chairman of this important project's committee.

After lengthy discussion pro and con regarding the proposed erection of a Shell Oil Company service station on the Southern Pacific property between the Telephone Company's land and the state highway at Spring Street and Commercial Row, the chamber voted to table action on the matter after finding the organization powerless to aid or prevent the erection.

Officials of the Shell Company, including Glenn Robinson, local agent, report that all necessary legal action has been consummated and that work on the station is expected to start immediately, leaving the chamber more or less helpless in any protest or approval as suggested by those for and against the idea. Proponents held that the new station, to cost \$10,000, would be an asset to the town, while others contended that the location would create a traffic hazard and tend to block the main thoroughfare against future development.

The chamber of commerce voted to deposit \$12.50 of the \$200 required to invite the National Ski Association to hold the national cross country championships in the Sugar Bowl in March of 1942. Other organizations in Truckee are expected to advance another \$37.50 to bring the local share to \$50.

### HEADS FAIR BOARD

District Attorney Vernon Stoll was named chairman of the 17th District Agricultural Association which presents the annual Nevada County Fair last week. He succeeds Henry Spiess, Grass Valley educator. Cecil Edmunds, Truckee member of the board, was present at the session.

### THE SEA BLITZ STRIKES

Although savage air attacks upon English cities are reducing many homes, buildings and hospitals to rubble, it is not the destruction of such edifices that will win the war for Germany. Strangulation of Britain by a sea blockade is the grim weapon which Germany is wielding with renewed fury to break the vital supply lines to that island. The gathering effectiveness of U-boat warfare in crippling those lines is evident in the toll of British shipping revealed by the British Admiralty. Up to March 9, more than 5 million tons had been lost—almost one-fourth the tonnage with which Britain entered the war eighteen months ago. This loss, greater than that suffered by England and her allies during the first 31 months of World War I, does not include damaged ships laid up for repair, nor those lost due to collisions in blacked-out ports—a number of which is believed to be considerable. Part of this 5-million ton loss has been recouped by new construction, and by ships purchased from friendly powers. Nevertheless, it is on her open seaways, exposed to

incessant attack by bombers, raiders, and prowling U-boats that Britain still stands imperiled.

### ACTION ON A BOTTLENECK

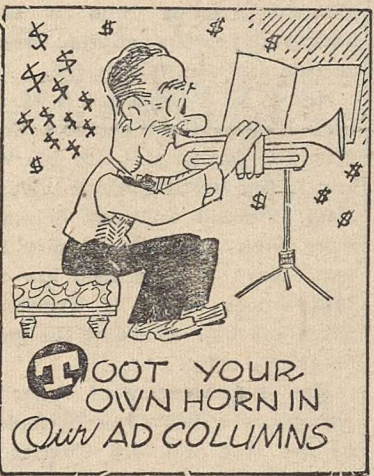

Cracking down on one of the most serious of the nation's bottlenecks, President Roosevelt has appointed an 11-man mediation board to deal with strikes in vital defense industries. The speed of America's rearmament progress has too often in recent months been abruptly checked for time-outs while labor disputants fought their costly battles. The creation of a federal mediation board is a belated step in the right direction. Congress must now take the next step and by legislative action, calling for a compulsory cooling off period before strike action takes place, clear the way for a non-stop drive in building America's defense machine.

### END OF A LEGEND

One of California's most celebrated stories has crumbled beneath the weight of long hidden facts now brought to light. Remember Death Valley Scotty? His fabulous gold mine, his secret and inexplicable store of wealth, his sumptuous Death Valley castle? In the course of a court hearing in Los Angeles, the truth about them has at last been exposed. Death Valley Scotty never had a mine, secret or otherwise, except some claims. He neither found nor sold any gold nor does he own the castle which bears his name. It was one Albert N. Johnson of Chicago, a millionaire—before he met Scotty—who, believing Scotty had found vast amounts of gold in a secret mine, advanced him numerous loans totaling hundreds of thousands of dollars. Such was the source of his "secret wealth". No lucky miner, but a backwoods slicker who sold an innocent city man a worthless piece of desert was how Federal Judge Harrison characterized Death Valley's most celebrated character. So ends a legend. Scotty has told his last tale.

### WHO'S ROCKING THE BOAT?

Maj. Gen. Kiofuku Okamoto, Japanese military attaché in Berlin, cheerfully announced one day last week, "Japan and Germany are in the same boat." If it's the same boat in which a triumphant Hitler planned to sail to Britain last summer, it's evident the partners missed it!

... when you stop at The Whitcomb. Unfailing friendliness is the first rule at this fine San Francisco hotel. Best location, drive-in garage. 500 modern rooms, three popular-price dining rooms. Every comfort, every luxury at modest rates.

RATES: from \$2.50 with bath

### CLEAN-UP TIME

Soon thousands of American committees will inaugurate their annual clean-up campaigns. Those campaigns give all towns a chance to achieve two highly important goals—a handsomer town and a safer town.

A properly manged clean-up drive helps to lessen the ever present danger of fire. Vacant lots are mowed and divested of litter. Old shacks are torn down. Buildings are repaired and painted. Dead trees and bushes are cut down. And when that happens, fire hazards disappear. Order and cleanliness are among fires most effective enemies.

This year, the headquarters of the United States Junior Chamber of Commerce is distributing fire prevention material, prepared by the National Board of Fire Underwriters, to its local members. The material consists of a radio script, an article suitable for newspaper use, window displays, and an interesting leaflet which is to be distributed to the public. Local insurance agents will like wise be given the material, and will take an active part in making the clean-up campaigns successful.

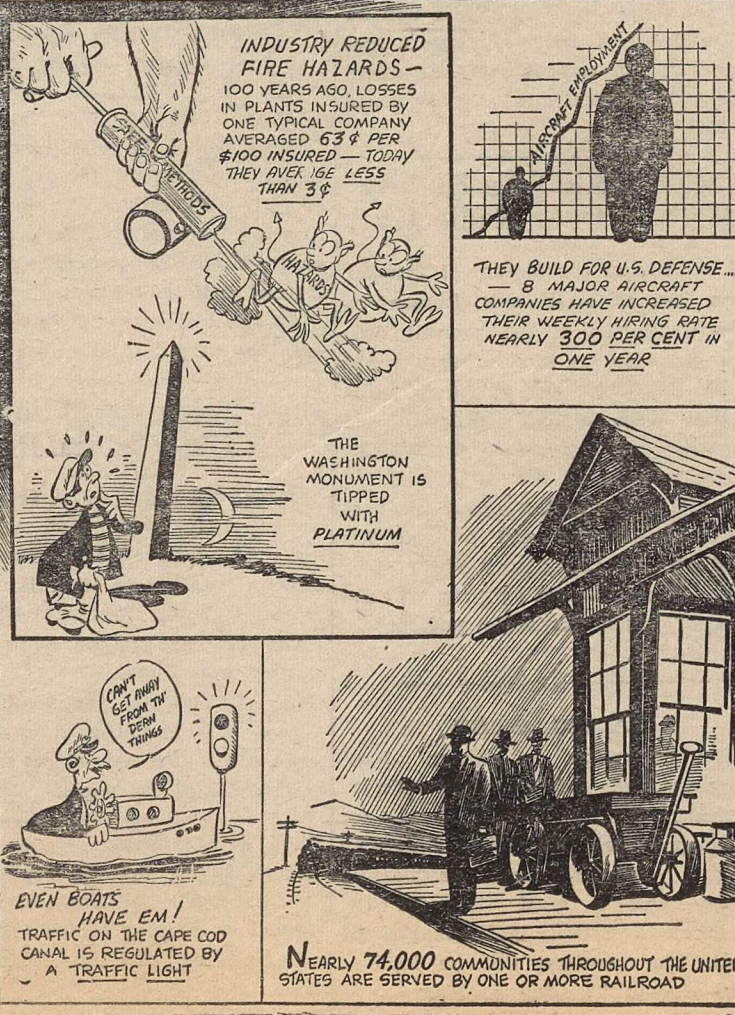

Here is a real opportunity in which every town, no matter how small, can participate. Every citizen should cooperate. It's a rare town indeed which doesn't contain eyesores—rattletrap buildings, long unoccupied, lots on which grass has grown waist high, accumulations of junk and refuse which belong in an incinerator, lines of broken fences, etc. Clean-up week needn't be expensive. The combination of a little paint, plus plenty of elbow grease, will work wonders in many cases. A wrecking bar and a bonfire will do the work in most others.

Lay plans now for a clean-up campaign—and take advantage of such expert assistance as that which the National Board of Fire Underwriters, 85 John Street, New York, offers gratis.

### INFORMATION, PLEASE

Herbie the Hermit sallied forth this week with the very sage (if cynical) observation that he never expected to see when the comic strips in the newspaper would contain more reliable information than the news dispatches from Europe.

## THE POCKETBOOK of KNOWLEDGE

## WINGS FOR AMERICA

by Don Wiley  
MEMBER, AVIATION WRITERS ASSN

If Britain beats off the Nazi invasion which military experts think is inevitable this spring, the biggest single factor in that will be the Royal Air Force.

Therefore this remarkable organization, how it functions and the types of airplanes it uses ought to be of universal interest. And Californians should be particularly interested, for combat airplanes produced in their own state will play an increasingly important role in the RAF's activities—offensive and defensive.

The RAF is an autonomous service which works interdependently with the Army and Navy. Its commander-in-chief is Air Chief Marshal Sir Hugh Dowding. Under him function six distinct units, as follows:

**TRAINING COMMAND** uses seven types of planes, including the North American advanced trainer, dubbed the Harvard by the British and produced at Inglewood, Calif.

**ARMY COOPERATION COMMAND** utilizes a motley collection of ships, ranging from autogiros and the famous Lysanders for observation and liaison work to huge Bristol Bombers for troop transport.

**COASTAL COMMAND** has numerous and vital duties. It hunts submarines, watches for air raiders, conducts its own bombing raids. Its ships include the Sunderland and Lerwick flying boats, Anson bombers, eBaufort torpedo bombers. The California-built Lockheed Hudson has long been an integral part of Coastal Command. A fleet of Consolidated PBV-type patrol bombers is now going into service.

**BOMBING COMMAND** has been carrying the war to Germany and smashing at invasion ports on the French coast. It uses Whitneys and Wellingtons for long-range work and Blenheims, Hampdens and Herefords as its medium bombers. A California warplane now reaching this unit in considerable numbers is the Douglas DB7 attack bomber. For long distance raids Bombing Command is expected to count heavily on the four-engine Consolidated B24s produced in San Diego.

**FIGHTER COMMAND** is the most publicized of the RAF units and its pilots are the toast of all England. The Spitfires and Hurricanes are too well known to need description. Less widely known types include the Defiant night fighter, with its power turret and the converted Blenheim bomber, used as a multi-engine fighter and escort. Newer and faster British types are now coming into service. And in Southern California, North American Aviation is starting production on one of the fastest single-engine fighters in the world—the RAF Mustang. The RAF has also placed a big order for Lockheed P38 two-engine pursuit interceptors.

**FLEET AIR ARM** needs many types of planes for operation from carriers, battleships and cruisers. Newest include the Fulmar two-seat fighter, the Roc turret fighter, the Skua dive bomber and the Albacore torpedo plane, successor to the famous Swordfish.

### PLEASE REMIT

A local newspaper in a small town in Greenland published the following plea: "Those of our subscribers who have agreed to pay us in firewood are requested to bring it along soon, for if they do not and the cold weather should continue, we'll freeze to death."

## Wax Room Gossip

by KLISTER

(With apologies to Mr. Caen)  
**SUGAR BOWL**—Extra Ordinary: the stake which sticks up out of the snow close to chairlift tower number one is not a post but a young tamarack tree placed by Hannes Schroll last summer. So far it has not sprouted any branches and the bark is peeling off, because it was dead as drift wood in the first place.

That; Werner Wittenstein, the Sugar Bowl Lodge bartender was once the ping-pong champion of the State of Westphalia, Germany, and now waltzes divinely.

That; Susan Bacon was seen often out on the slalom hill last week with the flags and the poles in her hair.

That; Gordon Hooley, manager of the Sugar Bowl, was one time Canadian Junior Jumping Champion.

That; Friedl Pfeifer only beat Dick Durrance in the Silver Belt Trophy Race last year by one and one fifth seconds.

That; Martin Fopp is one of the most thoroughly sound ski waxing exponents in the whole of Switzerland and, therefore, of this country as well; his knowledge of waxes and how best to apply them surpassing even the secrets jealously guarded by the lod timers from the Feather River country.

That; the squad of old timers who entered the Plumas Prevaricators race in the Sugar Bowl on Saturday and from the Bunker Hill Mine, were not from the mine; one coming from Princeton, one from Harvard and four coming from the Mackay School of Mines at University of Nevada. The most delightfully flawless piece of horse play so far seen in the Sugar Bowl this season.

That; John Wiley is one of the few if not the only skier in the state entitled to wear the much coveted (Ski Club of Great Britain gold "Q", whatever the "Q" stands for.

That; John Johansen, bless him, gets more Scandinavian by the second after spending too long at the abn.

That; Peter Jones' stunning Newfoundland puppy, Tim, is the first specimen of the canine world to be elected a member of a ski club, i.e., the SBSC.

That; Bud Smith, instructor in the Sugar Bowl Ski Club, keeps such an accurate scrap book that he can look up and tell you how his eggs were cooked on the morning of February 27th, 1937.

That; a bid has been made for the Nationals, downhill and slalom and the combined next year, but that so far nothing further has been done heard from the powers that be.

That; the difference in elevation between Mt. Lincoln and Mt. Disney is only a matter of a few hundred feet—contrary to general belief.

That; the flags our winter sports director uses to run off slalom races with have been loaned to the ski club by the Oakland Automobile Club.

And that we have four feet less of snow at present than we had this time last season which means that we shall only be able to ski up into June instead of the fourth of July.

### UNBREAKABLE

Gerard Erismann, a Swiss engineer, had been constantly breaking watches so in desperation, he invented a watch that will not break. He tests it by dropping it on a stone floor 100 times in succession and from a plane at 1000 feet. It still works.

LAKE TAHOE SCHOOL NOTES

TAHOE CITY—Mrs. Bliss Hinkle, vice-principal of Tahoe branch of the Placer Union High School, and Mrs. Myrtle Gallinger, principal of Tahoe Lake elementary school, will attend the regular yearly meeting of Placer County School Trustees Institute at Auburn Tuesday night. Also representing Tahoe schools are Mrs. Northrup A. Pomin, clerk of the school board, and Henry Worden, trustee. The meeting, conducted by Elwyn Gregory, superintendent of Placer county schools, included a dinner at Hotel Auburn.

Students of Tahoe branch of the Placer Union High School will entertain at their regular monthly dance in the school auditorium on Friday night.

Franklin Dinus, who is living at the Charles Warner home on Grov. Street entered the elementary school last week in the high fourth grade.

The eighth grade is making a very fine relief map of the Lake Tahoe region and environs this week.

Dr. G. H. Hinkle of San Francisco State Teachers College spent the week end at Tahoe.

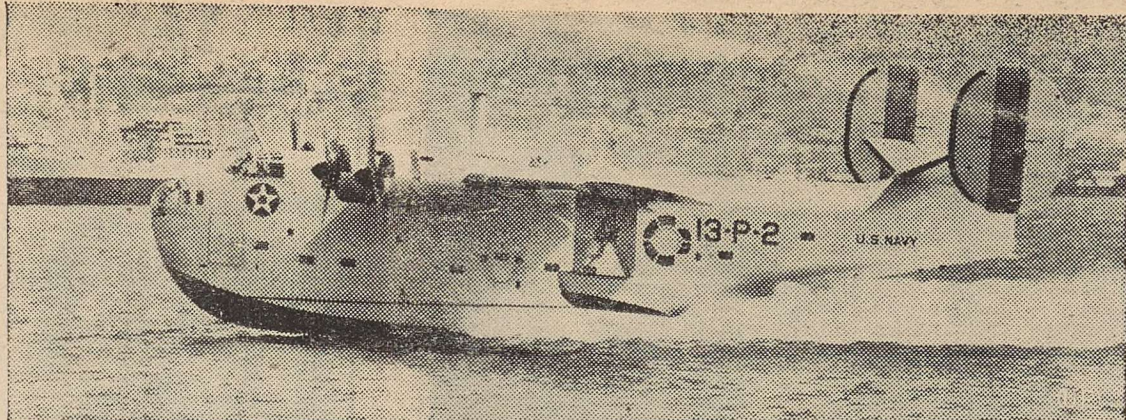

Tony Gallerani Guest of Honor at Surprise Party

KINGS BEACH—A surprise party was given Tony Gallerani at the home of Mr. and Mrs. Fred Reiselt, Crystal Bay, by Wanda George and her co-hostesses Tiny Nelson, Catherine Reiselt, Alice and Annie Gallerani on the evening of Friday, March 22.

A buffet lunch was served at a late hour. Pinochle and dancing were part of the evening's pleasures.

Among the invited guests were Mr. and Mrs. Earl Nelson, Mr. and Mrs. Fred Reiselt, Mr. and Mrs. Clair Walters, Mr. and Mrs. Ike Miles, Mr. and Mrs. A. Gallerani, Mrs. Darro Rockholm, Mr. and Mrs. John Gallerani, John Rondelli, Irene Gallerani, Joseph Gallerani, Nels Espeland, Frank Zober, the honoree and the hostesses.

It Has an Ice Box and Electric Stove, Too

Here's Navy's largest patrol bomber, the PB2Y-2, recently delivered by Consolidated Aircraft Co. of San Diego, Cal. Its great bomb load, range, speed and defensive armament make it a formidable offensive weapon. The 30-ton (without load) giant has 115-foot wing span, 79-foot length, has ice box and electric stove and sleeping accommodations for crew of nine. (Navy-approved picture).

Tahoe Region News Briefs

Mr. and Mrs. Matt Green of Sacramento and Tahoe spent several days at Tahoe this week.

Mr. and Mrs. Ernest Pomin and his sister, Miss Ida Pomin, returned on Thursday to their Tahoe homes after an extended winter vacation in the south.

Mr. and Mrs. Willis Hevel have opened their Lakeview Drive home for the season.

Miss Sally Cross is visiting friends in Stockton this week.

Mrs. Helen Clark Park, whose divorce from Frank Slater became final recently, was a guest at Tahoe Inn on Sunday after motoring up from her ranch home at Minden, Nevada.

Recent guests at the home of Mr. and Mrs. Ben Callender of Homewood were Mr. and Mrs. Walter Dittmer of San Francisco.

Herbert Obexer, who is attending Stanford University, spent the week end with his parents, Mr. and Mrs. J. P. Obexer, of Homewood.

Mr. and Mrs. H. I. Snider of Truckee attended the card party given by the Lake Tahoe Ski Club last Friday night.

Lake Tahoe News

Tahoe Ski Club Aces Put On Meet at Echo Summit As Brothers are Victors

TAHOE CITY—The ace skiers of the Lake Tahoe Ski Club who generously gave of their time and skill on Sunday last in staging a free exhibition of their ski technique at Echo Chalet to assist the southend resort owners in their celebration of Highway 50 opening are to be highly commended for their cooperation.

Results of the giant slalom were as follows: Carl Bechdolt, Jr., first in 19 seconds; Billy Bechdolt, second in 21.2; Walton Horn of Placerville, third in 22.4; Dick Carnell, fourth; Pete Vanni, fifth and Jimmy Sawson, sixth. A. M. Henry of Tahoe was starter and Charles Swanson was timer for the races. A crowd of several hundred people attended the meet.

Other Tahoe City folks who attended included Mr. and Mrs. Henry Worden, with their daughter, Helen, and son, James; Edna and Jean Wheat; Kathleen Starratt; from Reno were Miss Doris Post, Crash Woodward and Mr. and Mrs. Ted Schapps.

A very pleasant card party was given by the ski club on Friday night with nine tables of bridge and pinochle in play. The community hall was profusely decorated in spring flowers, pussy willows and winter sports decorations. A box of groceries, given by Mr. and Mrs. Henry Worden was awarded to Jimmy Swanson. At the pinochle tables awards were given to Mrs. Edgar Haugen, first; Mrs. Lee Garner, second; and Mrs. Carl Bechdolt, Jr., third, for the ladies; Floyd Carnell, first; Jess Sisk, second, and B. F. Corrigan. Consolation awards went to Mrs. Jess Sisk and A. M. Anderson. At the bridge tables for the ladies Mrs. Charles Heller was high, Mrs. Willis Hevel, second, and Mrs. Stanley Martin consolation; for the men, Henry Worden, first; H. I. Snider, second and consolation to W. A. Simmonds.

Refreshments were served by the hostess committee which included Mrs. Paul Crandall, Mrs. Henry Worden, Mrs. Jess Sisk, Mrs. A. M. Henry and B. F. Corrigan. The sum of \$17.75 was realized to add to the club's funds by the party. The efficient hostess committee deserve much credit for their efforts and all report having a fine time.

South End Boosters Form Association to Keep Open Highway 50 Year Round

TAHOE CITY—A determined group of boosters for resorts at the southern end of Lake Tahoe and along the Echo Summit-Placerville Highway Fifty route have organized and established a new club called the Highway Fifty Association which has as its main purpose the year round opening of the southern route into Lake Tahoe.

The association received its initial impetus when southend lake dwellers turned out this winter with snow shovels to clear the 11 miles of road closed by snow from Twin Bridges to Meyers. Their efforts almost succeeded until heavy storms slowed them down. Determined efforts of the leaders who presented petitions to the legislature resulted in a very early opening of the trans-continental route around the south end of the lake.

It was opened for traffic on March 14 and on Sunday, March 23, a celebration and winter sports carnival was held at Echo Chalet, near the summit, at which the ski aces from Lake Tahoe Ski Club gave free exhibitions of their skill in jumping, slalom and downhill racing.

Officers of the new booster organization are Curt Rocca of Echo Chalet chairman; Jack Meyn, treasurer, and Ralph King, secretary. John Keller of Bijou is chairman of the executive committee and Frank Globin of Al Tahoe is also an official.

All roads around the lake are now clear and dry and no chains are needed.

Mr. and Mrs. W. W. Hollenbeck of Auburn spent the weekend at the home of their daughter, Mrs. Homer Palmer of Meeks Bay.

William Palmer of Paso Robles is a guest at the home of his brother, Homer, Palmer of Meeks Bay.

TAHOE SCHOOL TEAM RESULTS RELEASED

TAHOE CITY—Individual results of the champion Tahoe team which won the California Interscholastic Ski Federation meet at Tahoe on March 15 are as follows:

Billy Bechdolt, first in slalom, 4th in cross country, ninth in downhill; Dick Carnell, third in slalom, ninth in cross country; Jimmy Swanson, 14th in slalom, 11th in cross country and sixth in downhill; Rodney Yeakel, 24th in both cross country and downhill. Yeakel is a much better skier than this record shows, but he spent the entire winter in Oakland with no opportunity to practice off competitive skiing.

A fine silver trophy was won by the Tahoe team for first place in the meet. B. F. Corrigan is the athletic director of the school. The team also received free instruction from Carl Bechdolt, Jr., nationally known ski star of the Lake Tahoe Ski Club.

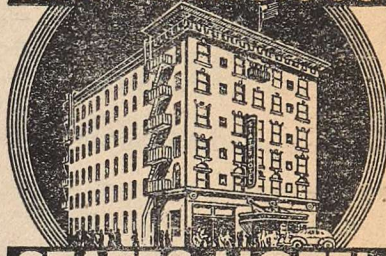

LAKE LEVEL HITS HI ON LAST WEEK-END

TAHOE CITY—The level of Lake Tahoe on Monday, March 24, was 6227.01 feet above mean sea level. About two feet of snow remain in the pack at lake level altitudes and .03 inches of precipitation was received from snow flurries last Wednesday.

A strong easterly wind blew Saturday and Sunday causing the lake to evaporate from a seasonal high of 6227.03 on Saturday to Monday's level.

Temperatures varied from a high of 44 degrees to a low of 26 on Sunday. Lowest recorded during the past week was 24 degrees and day sun temperatures have reached the seventy mark. Signs of spring are more and more apparent now with manzanita in bloom, wild canaries and robins very plentiful and deciduous trees leaving out all around the lake.

EARLY OPENING SEEN

TAHOE CITY—Resort owners all around the lake are remodeling and adding to their properties in anticipation of an early and busy season, aided by the early opening of main lakeshore highways.

At Globin's Al Tahoe a large new hotel and store on the highway now remains open year round but the old lakeshore hotel and cottages, chalet, etc., will open on May 18 when the convention of 600 delegates from statewide parlor of Native Sons will be held at Globin's, Camp Richardson and Bijou.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

3-24-1941

To Whom It May Concern:  
Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages on these premises, described as follows:

Homewood, Placer County.  
Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of an alcoholic beverage license (or licenses) for these premises as follows:  
On Sale Beer and Wine  
On Sale Distilled Spirits  
Off Sale Distilled Spirits

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

P. E. Ceccorrelli  
Giovanni Orsi

But "The Masses" were not so foolish, after all!

LESS LOUDLY NOW, you may still hear an occasional agitator blasting away at the American system of business—which depends on big factories, big networks of dealers, trade-marked goods, heavy advertising, and low prices.

Agitators complained for years that "the masses" were injured by this system, and that we'd all be richer if we went back to the old cracker-barrel days.

But in spite of the complaints, little factories which have made dependable goods grew into big factories. Dealers insisted

on having trade-marked goods which their customers could recognize. And the heavy advertising helped to give us our modern newspapers, magazines and radio.

Who built this system? The masses built it, by insisting on crackers they could recognize in the package, on automobiles, soups, soaps, chewing gum, cigarettes, and all other articles that carried well-known trade names.

So the agitators have had to pipe down. They have discovered that "the masses" were not so easy to lead astray after all.

## My Place In The Sun

by DOUG BARRETT

There are a great many folks at Tahoe who make up the year-round set who have talents to spare. One of these is Eleanor Swanson, known more widely as Swanee or Charlie Swanson's wife. Photograph, painting and story telling have all occupied her ever active mind. Now she has come forth as a captor of the muse of poetry. I am pleased to be able to reprint her latest effort for the first time and I hope you like it as well as I do. Incidentally, copyright applications are pending so this may not be reprinted except by express permission from Mrs. Swanson:

### An American Mother's Plea for Peace

I walked one night in Flanders Field,  
While poppies nodded to and fro,  
Pale starlight through the clouds revealed

White crosses standing row on row.

The air was still and warm and sweet  
Ambrosial as a summer day....  
Dim silence cloaked that lonely street  
Where our beloved doughboys lay;

White crosses beckoned tiers on tiers  
As slow the poppies aloe I trod...  
Red poppies, nurtured thru the years  
By tears of mothers... and of GOD!

My heart was lead... my eyes were wet  
As round the hallowed spot I stole,  
How could America forget  
Her exiled sons of war's grim toll?

I paused to watch a falling star  
And see the moon rise thru the trees,  
When voices, coming from afar  
In chorus swelled the evening breeze:

"Weep not for us, our soldiers dead,  
We are at peace! No more the hell  
Of sleepless nights... machine gun lead,  
Of cannon's crash and screaming shell.

Of sweat and hunger, cold and rain...  
No filthy trenches, swarming lice,  
No battle's din to wrack the brain,  
No vermin laden rats... and mice!

No flaming kies to shame the moon,  
No gas to sear OUR souls again,  
No bloody stench to make us swoon,  
No screaming... praying... dying... men!

No frozen feet, no nights of fear,  
No longing for one day of rest,  
No yearning for some word of cheer  
From those at home we loved the best

We had no wish to kill or maim  
Brave men encountered as our foe,  
On neither side must there be blame,  
'Twas either they... or we... must go.

We fought, we bled, to pave the way.  
With countless lives the tragic price  
'FOR EVERLASTING PEACE' said they,  
How useless was our sacrifice!

Weep not for us, we are at peace!  
Remember this... if pray you must,  
Implore revenge and hate shall cease  
Within your world gone mad with lust.

We are the dead... in vain we died  
To foster Freedom's cause for all,  
Unless a LASTING peace abide  
All victory will turn to gall.

Unfurl our flag o'er land and deep!  
Make bivouac upon our shore!  
Yours is the sacred trust to KEEP  
Old Glory waving... ever more!".....

The voices ceased; the moon rose high  
And, as the shadowed mead I fled,

NOTICE INVITING SEALED PROPOSALS AND BIDS IN CONNECTION WITH THE FURNISHING TO TRUCKEE PUBLIC UTILITY DISTRICT OF A NEW THREE-QUARTER TON TRUCK CHASSIS, F.O.B. TRUCKEE

NOTICE IS HEREBY GIVEN that the Board of Directors of TRUCKEE PUBLIC UTILITY DISTRICT has determined to purchase for said District one new 1941 three-quarter ton truck chassis, complete with priming paint coat only, equipped with overload springs, four speed transmission, extra tire, tube and rim, front bumper and standard equipment, and that by reason thereof said Board of Directors does hereby advertise for bids for furnishing such truck chassis.

All bids shall be upon a blank furnished by the Clerk of said District, and all bids shall fully describe the property offered for sale to said District.

All bids shall be opened by the Board of Directors of Truckee Public Utility District on Tuesday, the 1st day of April, 1941, at the hour of 8 o'clock p.m. of said day at the office of said District at Truckee, California.

NOTICE IS HEREBY GIVEN that said District and the Board of Directors thereof reserve the right to reject any and all bids and to accept a bid other than the lowest bid. All bids will specify the approximate date of delivery of the equipment proposed to be purchased, in the event that the bidder is the successful bidder.

All proposals shall be accompanied with a certified check on a solvent bank within the district or county wherein the District is located, for ten (10%) per cent. of the amount of the bid, payable at sight to the order of the Clerk of said District.

If the bidder to whom the contract is awarded shall for five (5) days after such award fail or neglect to enter into the contract and file the required bond, the Clerk shall draw the money due on said certified check and pay the same to the Treasurer of the District, and under no circumstances shall the check or the proceeds thereof be returned to such defaulting bidder.

Said proposals or bids must be received by said Board of Directors at Truckee, California, on or before the hour of 8 o'clock p.m., Tuesday, April 1, 1941, said time being the time fixed for the opening of said bids or proposals.

## Covering the Legislature

by ALLEN G. THURMAN  
(Assemblyman for the Sixth District)

The budget is expected to reach the floor of the assembly by the of this week. Your assemblyman with other member of the way and means committee worked all day Sunday as well as Monday and Tuesday nights in checking over the budget and making cuts which may total as much as twenty millions of dollars. With the budget bill before the lower house for consideration, its passage without much delay should result. Two years ago it required many days of debate and argument before the budget was passed in the lower house.

Upon the passage of the budget by the assembly, it will then go to the senate where it will be considered by the finance committee of the upper house and it is even possible that more cuts may be made by the senate committee before it is approved and sent to the floor of the senate.

With the budget out of the way, both houses will get down to the consideration of all bills on their respective calendars, including many appropriation bills which cannot be taken up for consideration until the budget is approved.

Last week both houses passed numerous measures, some of a controversial nature but in the main bills which were non-controversial.

A bill has been introduced in the lower house which, if it becomes a law, will cut in half allocations now received for premiums by the various district and county fairs. The bill would reduce the 40 per cent of the pari-mutuel funds now set aside for distribution to the district and county fairs to 20 per cent. Such a measure would, without question, cripple the numerous small district and county fairs. Whether such legislation will be successful in passage of course is a question. At any rate your rural legislators will oppose the proposed cut. Under the proposed bill the total amount which would be cut from

I prayed MY son need never lie  
In foreign soil with gallant dead!

Poppies still bloom 'neath Flanders' sky,

Around white crosses row on row...  
God grant we may not have to die  
To find the peace those heroes know!

You'll have to excuse my usual observation section this week but my head is still in a cloud of Evening in Paris vapor and butterflies from my birthday weekend. I'll just knock off a couple of past due personal notes and call it a column:

KATIE and SIG: Once more the very best in the world. You're swell folks and deserve it.

MRS. HELLER: No need to thank me for anything I say in my column. If you or the H and W club get any credit herein, you've earned it.

STUART: Sorry I spelled your name wrong, but better wrong than not, I always say.

ART L., ART B., MRS. NELSON and GAILLEY: Congratulations on your recent birthdays. It's a fine month to be born in, isn't it?

## Willkies Inspect 'Iron Duke'

The battle-scarred "Iron Duke" a mobile tea kitchen from London on tour of U. S. cities, is inspected by Mr. and Mrs. Wendell Willkie in Washington, D. C. Mrs. F. H. Treherne-Thomas, right, explains history of incendiary bomb tuse held by Mrs. Willkie.

district fairs would be in the neighborhood of a million or more dollars. This money would go toward the support of the Depart of Agriculture.

Attempts were made during the 1939 session to divert district fair funds into other channels and this session the adherents of such legislation are gaining in strength. Your rural legislators are going to have to fight harder than ever this session to protect the small county fairs. The proponents of the cut in fair premium allocations have an argument and the fight may have to be carried to the floor in both houses.

Measures of state wide importance which were approved last week included the passage in the senate of the emergency anti-sabotage bill of which Senator Slater is the author. Your assemblyman is co-author of a similar bill in the assembly.

In the lower house a two million dollar emergency relief appropriation bill to finance relief for April, May and June was passed. Attempts by the administration to double the amount were defeated by a vote of 51 to 19 which shows that the so-

## STATE CHAMBER HAS SNOW PHOTO 'TEST' WITH MONEY PRIZES

Better take advantage of these beautiful spring days in the snow country, suggests the Winter Sports Committee of the California State Chamber of Commerce, and take THAT photograph which will be one of the winners in the photo contest sponsored by the committee. Where the skier wins plaudits for Christie and Galundesprungs on the ski slopes, the photo-fan skier is to have his day also. Pictures may be taken at any of the established winter sports centers and contestants have until April 15th.

What kind of pictures to take? Good action pictures, suitable for newspaper reproduction; general fun pictures showing less fortunate skiers in various phases of the trials and tribulations of the lowly amateur, and artistic pictures, for which the snow country has an inexhaustible

called economy bloc has gained in strength since the 1939 session.

supply of subjects.

The committee announces that in this contest there will be three first prizes of \$15 each, three second prizes of \$7.50 each and fifteen third prizes at \$2 each. Honorable mention will be given such pictures which are difficult to award cash prizes. Prize winning photos will be exhibited at the DeYoung Museum, Palace of the Legion of Honor or other noted galleries.

Contestants are requested to submit photos on glossy paper, size 8x10. Name and address of contestant and description of subject or persons appearing must be written in soft

by MAX I. REICH, D. D.  
Director of Jewish Missions Course  
Moody Bible Institute of Chicago

TEXT: "The desire of all nations shall come."—Haggai 2: 7.

When Christ's disciples went forth to preach they proclaimed Him as the "Anointed" and as "Lord" to four representative nations: imperial Rome with its desire for power; cultured Greece, with its desire for wisdom; mystic Egypt, with its desire for immortality; the Jewish nation, that strange people, differing from all the rest, with its insatiable desire for righteousness. Now we affirm that Jesus Christ as the Messiah fulfills all these desires.

The longings of the human heart were perverted and misdirected by the crafty deceiver of mankind, the old serpent, who beguiled and bewitched our first parents. So Rome glorified political, militaristic power, the power that crushes all opposition by brute force. But that is not the highest ideal. The power of love, of patience, of meekness, of gentleness, of purity, that kind of power which Jesus exhibited from the manger of Bethlehem to the altar of Calvary, is the power He brought into the world.

Greece sought after wisdom, but imagined the trained intellect could discover the secrets of the universe and of the beyond. Now in the incarnate Word the wisdom from on high is set forth. The children of wisdom are the humble, broken, penitent God-seekers, who come to see the glory of God in the face of Jesus Christ, and are wiser thus than the philosophers of this wrangling world.

Egypt also had a perverted idea of immortality. It built pyramids to house the embalmed remains of their dead. But the true idea of immortality is not a mummy, but a redeemed man in whom the power of Christ's resurrection repeats its victory over death.

And what shall we say of Israel? Was not their idea of righteousness grossly perverted? A conformity to rules and regulations may leave man a white-washed sepulchre, unless the grace of God works the miracle of the new creation in his heart. According to Jeremiah, the Lord is our righteousness. He becomes the fountain of righteousness to those who truly, penitently believe in His name. He died for the putting away of our sin and He lives to present His spotlessness to God on our behalf. Thus is He "the desire of all nations." Jew and Gentile may bring to Him their unfulfilled ideals, their unmet desires, their hunger and thirst, their hidden craving after a good which they can hardly put into words. He can still every ache and satisfy every want.

# Strength

MANY a weak and weary one has found comfort and strength in contemplation of the loving invitation of the Master (Matthew 11:28), "Come unto me, all ye that labour and are heavy laden, and I will give you rest." This is a call to mankind to cast out fear, doubt, and sin, and to utilize the truth that makes one free.

It was his understanding of God as Spirit and of the spiritual nature of man that gave Christ Jesus dominion over sin, disease, and death. His conscious unity with God made him the Exemplar for all time. Circumstances could form no obstacles to his righteous activity. He walked on the water, fed the multitude, healed the sick, and raised the dead. It was no material sense of authority that enabled him to cast out the devils of unbelief, hatred, and fear. The good he understood and embodied constituted his spiritual strength.

An important step if one would demonstrate strength is to realize that life, truth, and intelligence are not in matter. Man is the image and likeness of his Maker; he is spiritual, not material, and strength is a quality of Spirit, not a condition of matter.

Weakness, weariness, fatigue, and sin are harassing pictures, drawn by mortal mind, but these are not a necessary part of human experience. They persist in their claim to power, and would deceive and enslave humanity. Only the mighty power of Truth can end their tyranny. Spiritual understanding reveals man unfettered by enslaving beliefs—upright, pure, and free. The daily task is done with energy and freedom when we claim spiritual strength as our divine right. Fatigue is no more necessary in human experience than is sin; and both sin and fatigue are overcome by the humble acknowledgment and confident claiming of the real man's inherent purity, strength, and freedom.

No one need lack spiritual strength. The Bible is filled with ex-

amples, exhortations, and promises that furnish daily sustenance.

We need a better understanding of man. The weak, weary mortal whom we see bowed down with responsibility, fear, foreboding, and discouragement is not the real man.

Man is spiritual, and for that reason he cannot be tired or weak. The image of Love is never tired, never under a strain, never overworked. Worry, fear, and a false sense of responsibility do not belong to man. Man is not separate from God.

Like Jesus, we need to be determined to do God's will under every circumstance, in order that we may derive from God the ever-present quality of spiritual strength. We can be faithful in our consecrated effort to reflect God in every thought and deed. We should resolve calmly to use the energies of Truth in all our activities. When we strive to follow the example of our Master, we gain clearer views of Life, Truth, and Love.

The genuine strength of individuals, groups, or nations is in exact proportion to their exercise of spiritual power. Power is not in arms, in lands, or in money. Each individual makes a real contribution to world progress when he purifies his own thought and claims abundant spiritual strength for man. Only spiritual strength can overcome the aggressive elements of thought that are abroad in the world today. Greed, pride, fear, and tyranny are human weaknesses. Obedience to the law of God ensures genuine strength.

The Scriptures say (Isaiah 40:31), "They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint." Speaking of this passage, Mary Baker Eddy writes (Science and Health, p. 218), "The meaning of that passage is not perverted by applying it literally to moments of fatigue, for the moral and physical are as one in their results."—The Christian Science Monitor.

#### Christian Science Service

"Reality" will be the subject of the Lesson-Sermon Sunday, March 30, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "The Lord hath brought forth our righteousness; come, and let us declare in Zion the work of the Lord our God" (Jeremiah 51: 10). Other Bible citations will include: "And they come unto him, bringing one sick of the palsy, which was borne of four.... When Jesus saw their faith, he said unto the sick of the palsy, Son, thy sins are forgiven thee.... And immediately he arose, took up the bed, and went forth before them all; inasmuch that they were all amazed, and glorified God, saying, We never saw it on this fashion" (Mark 2: 3, 5, 12).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Is the sick man sinful above all others? No! but so far as he is discordant, he is not the image of God. Weary of their material beliefs, from which comes so much suffering, invalids grow more spiritual, as the error—or belief that life is in matter—yields to the reality of spiritual Life" p.318.

#### BOOKS

Books are standing counselors and preachers, always at hand, and always disinterested; having this advantage over oral instructors, that they are ready to repeat their lesson as often as we please. —Chambers

### Appointed

Pacific Coast shipping circles were pleased when President Roosevelt gave them representation on U. S. Maritime Commission. Job went to this San Mateo, Cal., resident, Edward Macaulay. He succeeds Max Truitt, who resigned.

### Four Millions to be Spent by Railway Express Firm

Expenditures totalling over four million dollars for new automotive equipment have been authorized by L. O. Head, president of Railway Express Agency, for a broad program of replacement and addition to the company's automotive facilities made necessary, in part, by increased business for national defense industries, it was announced this week. Orders have been placed for 2667 trucks, tractors and trailers of specified design and capacities, for delivery during this year.

In conducting its nation-wide rail and air express service, the express agency maintains one of the country's largest truck fleets under one commercial management. The fleet is made up of more than 13,000 motor units, chiefly gas trucks, but includes electric trucks, tractors and trailers.

Chassis of trucks and integral cab bodies are ordered from separate manufacturers. The truck bodies on order are of all-steel construction and

### National Art Gallery Is Dedicated in Washington

The National Gallery of Art is a dream come true. The late Andrew Mellon gave a \$50,000,000 art collection, and \$15,000,000 to build the largest marble building in the world at Washington. And Mellon stipulated

in accordance with designs and specifications developed exclusively by the agency. In the process of building, the sub-assemblies are electric-welded and the final assembly completed on a progressive production line. The bodies are mainly of the "cow" and "unit" types. Deliveries of new trucks are already under way.

### LIVING FAST

Christian Heinecker, born in Germany in 1721, knew by heart the early history of the Israelites at the age of one year; at 2 knew most of the Bible history; at 3 he could reply to most questions on universal history and geography and at 4 he died, having learned to speak Latin and French.

that this gift to the national government for the use of the people should not bear his name. But on the eve of the dedication of America's greatest art gallery, the people by general consent, call it the "Mellon Gallery". Apparently Andrew Mellon remembered as the secretary of the treasury who worked with President Coolidge and succeeded in reducing the national debt by nearly \$10 billion dollars.

### What Makes Restaurant Popular?

Good food, properly cooked, expertly and pleasantly served, is what makes a restaurant popular...and it's partly the reason for our popularity with the people of Truckee and Tahoe. Too, our prices are right—low enough for your profit, high enough for a profit for us.

OUR BAR SERVICE IS THE BEST
